

Star Sight Words

Dad pad had	and band sand	at sat fat	can pan ran	am ham sam
fed Ted led	pet get let	pen ten hen	in tin bin	it pit lit
hop top mop	dot pot lot	rug tug jug	hut nut cut	bun fun run

Here's a matching Bingo idea that could be adapted for any words in any language at any level of difficulty. In this case, the words include all the sight words that challenged one particular student at one moment in time. If you print the extra copies offered below in two colors, each player can fill his own board; and the extra grids can become the playing cards as well as flash cards between games. Played with one shared board, one player's cards can be turned over. Another way to add appeal to word practice is to tape the words onto small blocks. After each block's words are read, the block can be added to a tower or to any block design.

Here's a matching Bingo idea that could be adapted for any words in any language at any level of difficulty. In this case, the words include all the sight words that challenged one particular student at one moment in time. If you print the extra copies offered in black, red, and blue, each player can fill his own board; and the extra grids can become the playing cards as well as flash cards between games. Played with one shared board, one player's cards can be turned over. Another way to add appeal to word practice is to tape the words onto small blocks. After each block's words are read, the block can be added to a tower or to any block design.
